# STELLA MATHIOUDAKIS

*Front-end Developer || UX/UI Designer || Creative Technologist*

## PROFILE

Empathetic and ambitious with a background in art, songwriting, meditation, UX and Web development. Passionate about expressive, human-centered digital experiences. Blending technology and design, I build modern sites and interactive projects that tell stories, solve problems, and spark curiosity and meaning.

## RELEVANT WORK EXPERIENCE.

UX Developer & Project Manager
**Well. – Kai Studios (November 2024–May 2025)**
- Leading UX research, wireframing, and prototyping for a mental health app.
- Implemented user-centered design in a remote Agile team
- Bridging design and dev teams with clear, empathetic communication.

**Freelance Web Developer & Designer**
**(2024–Present)**
- Delivered React, Squarespace, and CMS-based websites for creatives and small businesses.
- Full-cycle process: discovery → design (Figma) → development → deployment
- Known for intuitive UI, modern aesthetics, and client satisfaction.

**Massage Therapist, Freelance**
**(2019–Present)**
- Built a loyal client base and wellness-focused brand
- Developed deep empathy, listening skills, and service design sensibility
